## Educational Resources by CopyPress

In April 2020, CopyPress took over NCEA workbooks from **ABA Resources**. We have comprehensive and up-to-date editions for years 11–13, and Junior Science books for years 9–10.

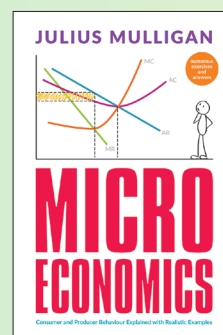

We work with many knowledgeable authors with decades of experience. Our resources are continually evolving, and we are always seeking new authors to help develop our range. If you have suggestions or feedback, please contact us.

**We can arrange for samples to be sent to you prior to purchase.**
